

Повтори пунктираната линия, без да вдигаш молива.  
Така ще се научиш да рисуваш красиви вълнообразни  
линии.

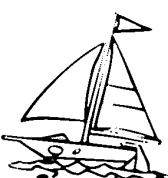

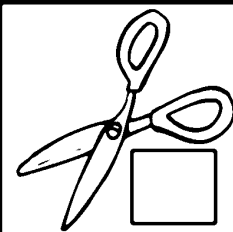

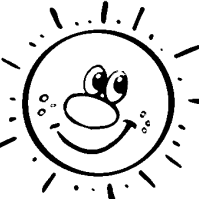

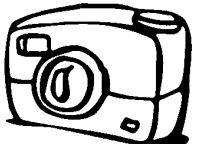

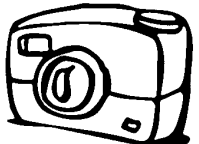

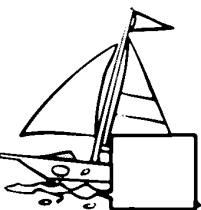

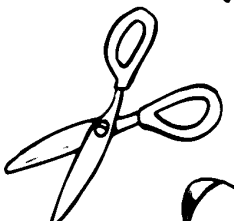

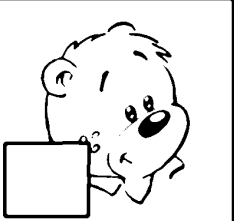

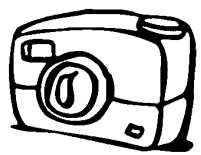

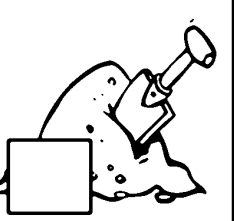

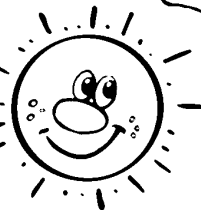

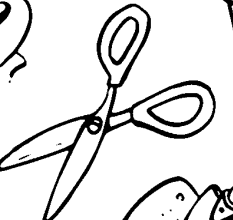

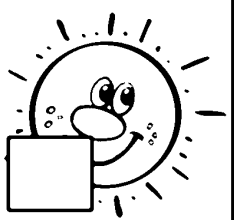

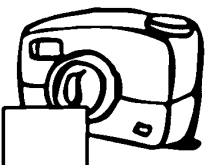

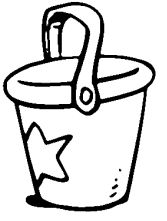

Виктор е новият главен готвач. Огради всички  
кухненски пособия. Преброй ги и напиши броя им  
в квадратчето.

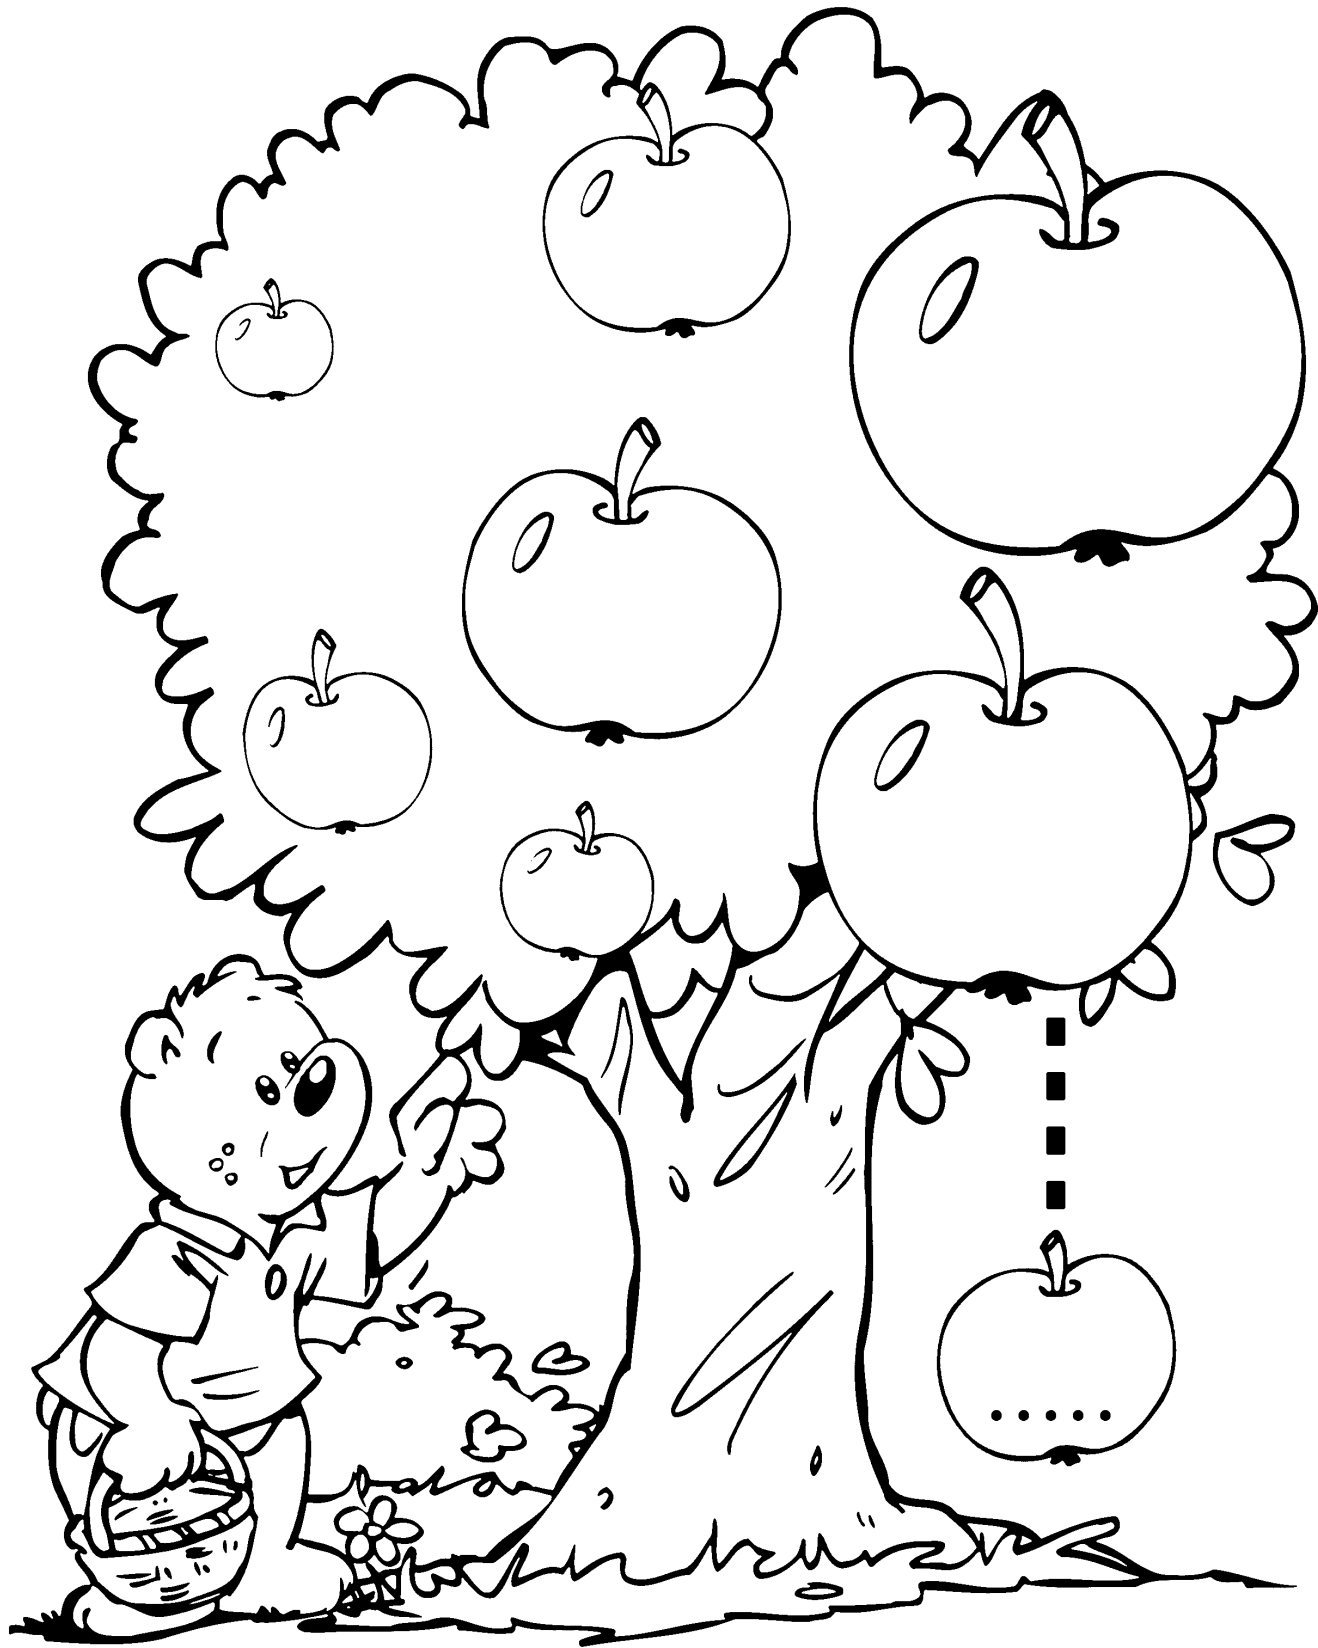

Коя връвчица трябва да гръпне Тим,  
за да вземе средния балон?  
Повтори всяка връвчица с молив в различен цвят.

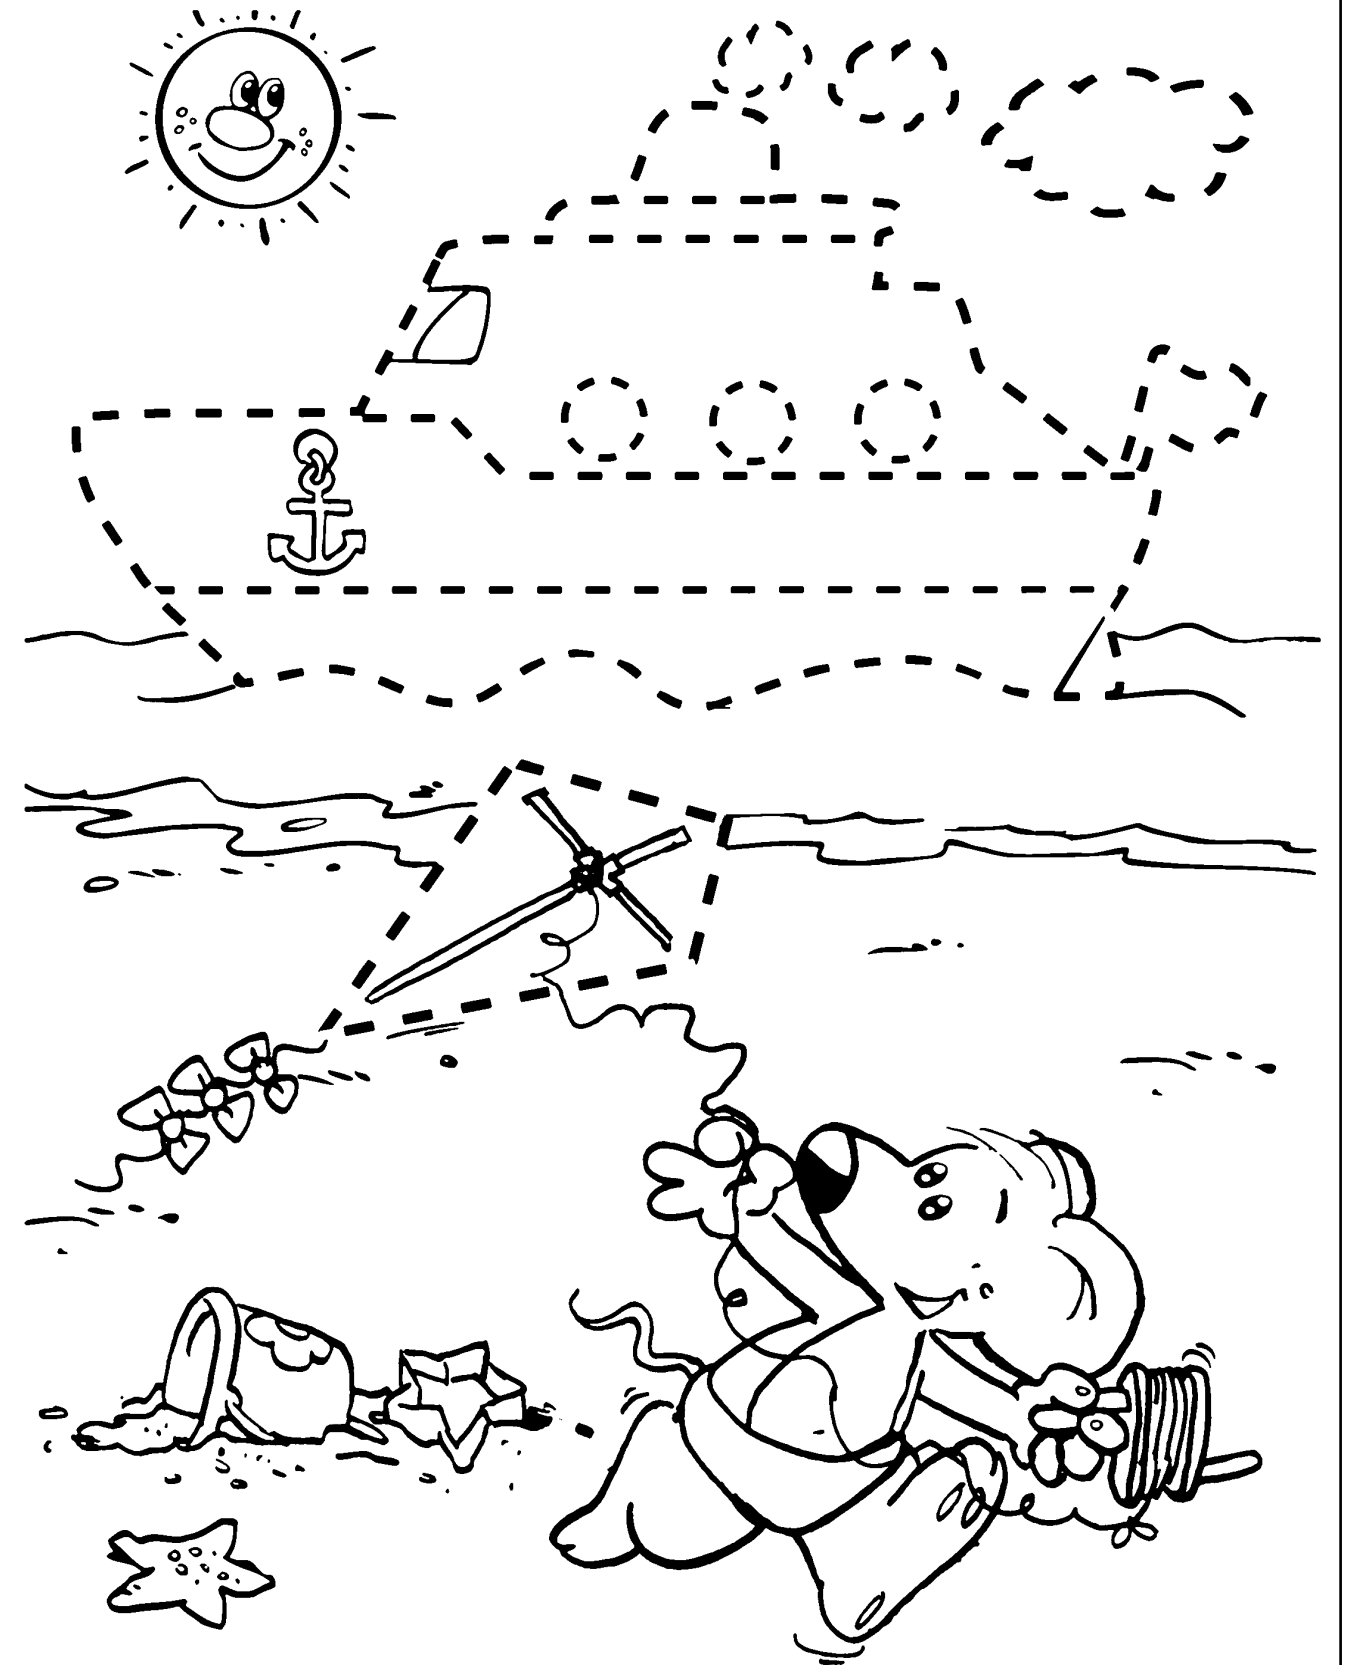

Преброй предметите от всеки вид  
и напиши броя им в съответното квадратче.

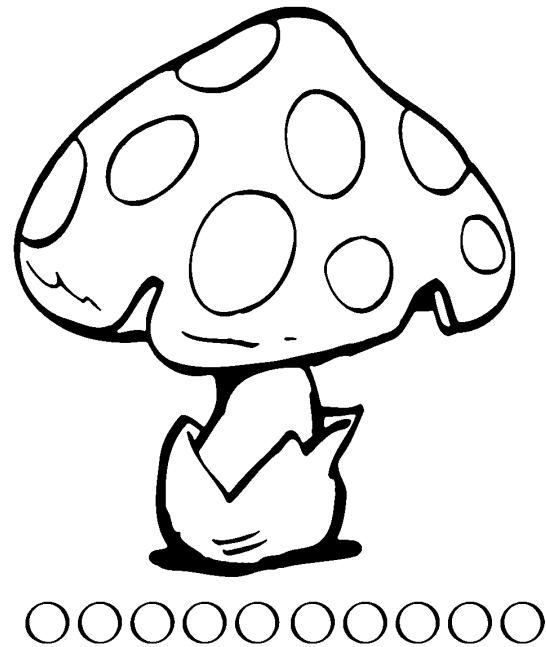

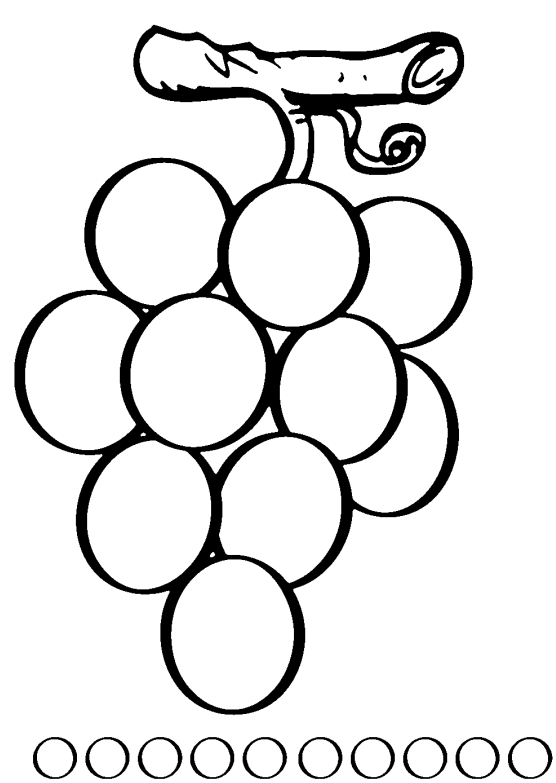

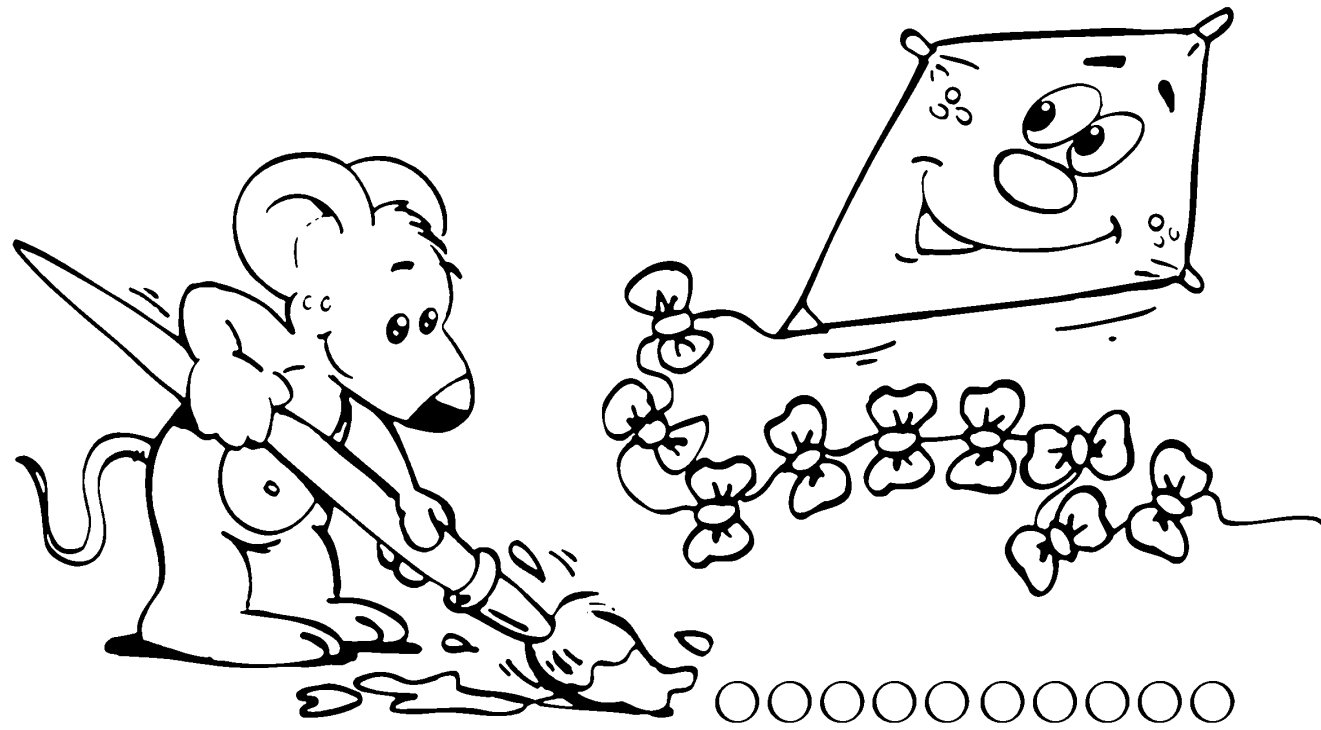

Свържи ябълките, като започнеш от най-малката и стигнеш до най-голямата. Колко ябълки има на дървото? Напиши броя им в падащата ябълка.

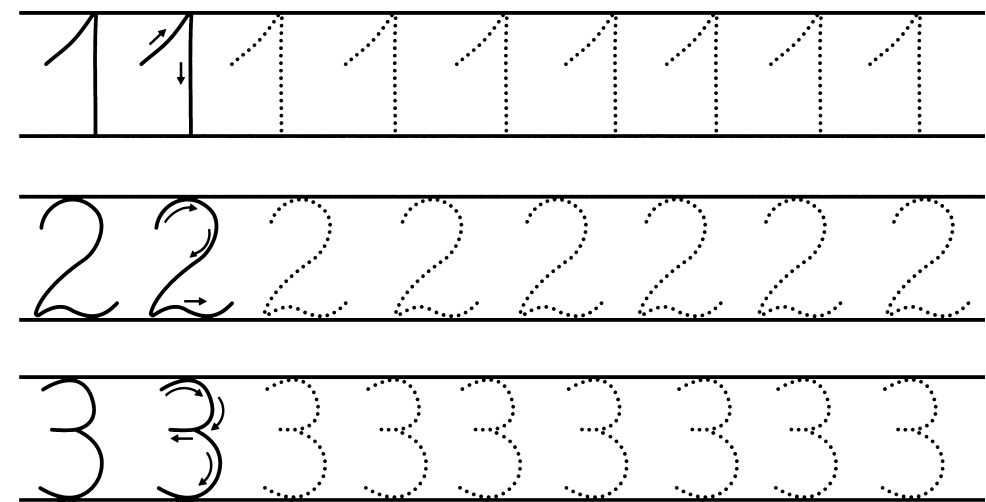

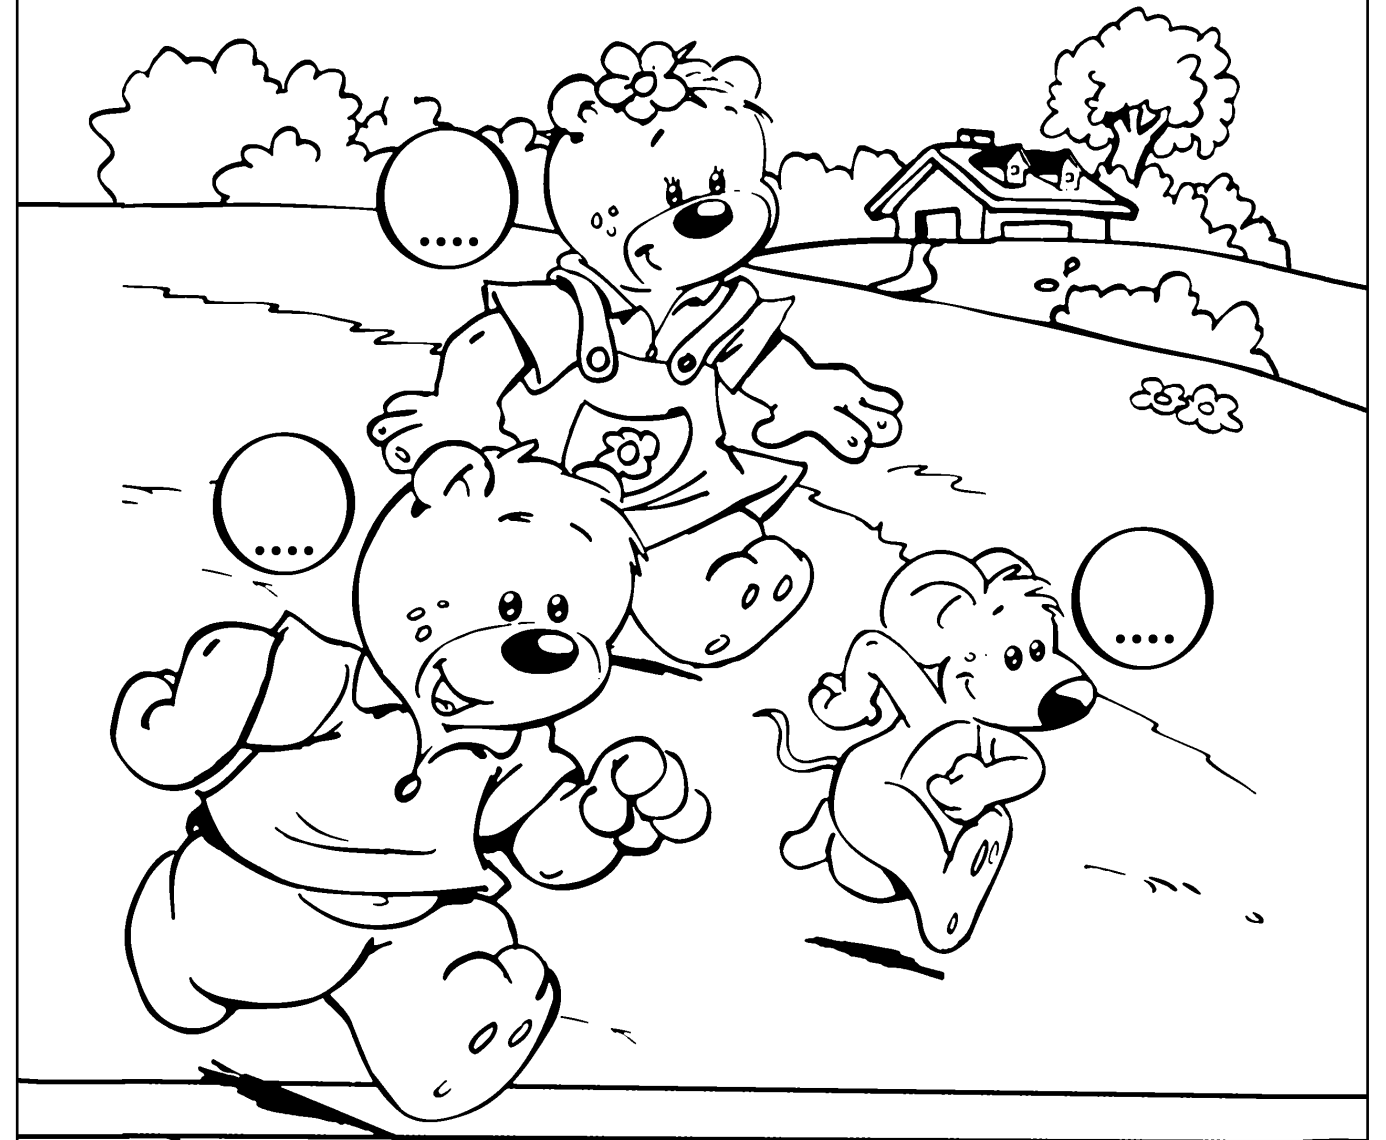

Дорисувай кораба и хвърчилото по пунктираните линии. Така ще се научиш да рисуваш хубави извити и прави линии.

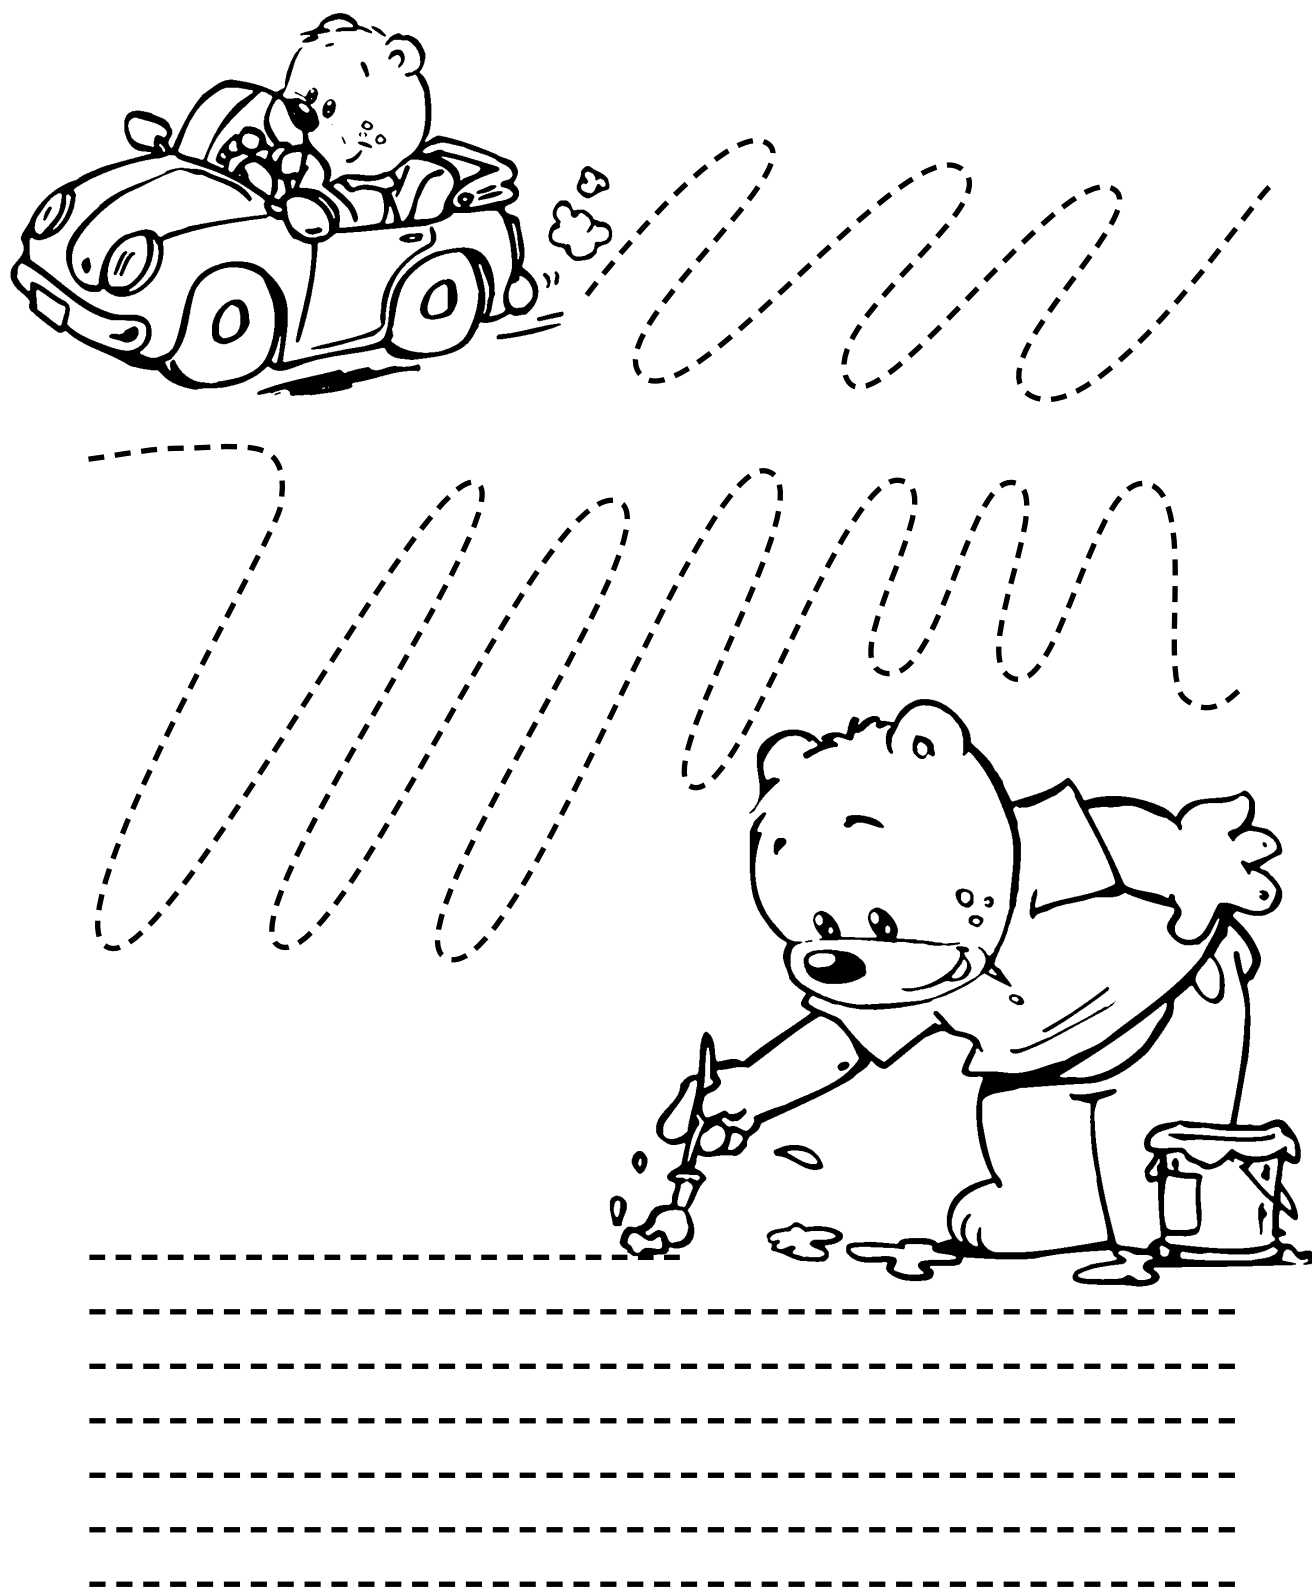

Оцвети по толкова кръгчета, колкото са панделките на хвърчилото, зрънцата на гроздето и точките на гъбката.

Виктор, Виктория и Тим се надбягват. Кой ще финишира пръв, кой – втори, и кой – трети? Упражнявай се да пишеш цифрите 1, 2 и 3.

Повтори пунктирните линии. Така ще се упражниш да изписваш красиви вълнообразни и прави линии.

Във всеки ред огради по-тежкото нещо.
