

Кравите са две по две еднакви.
Свържете двойките с линия.

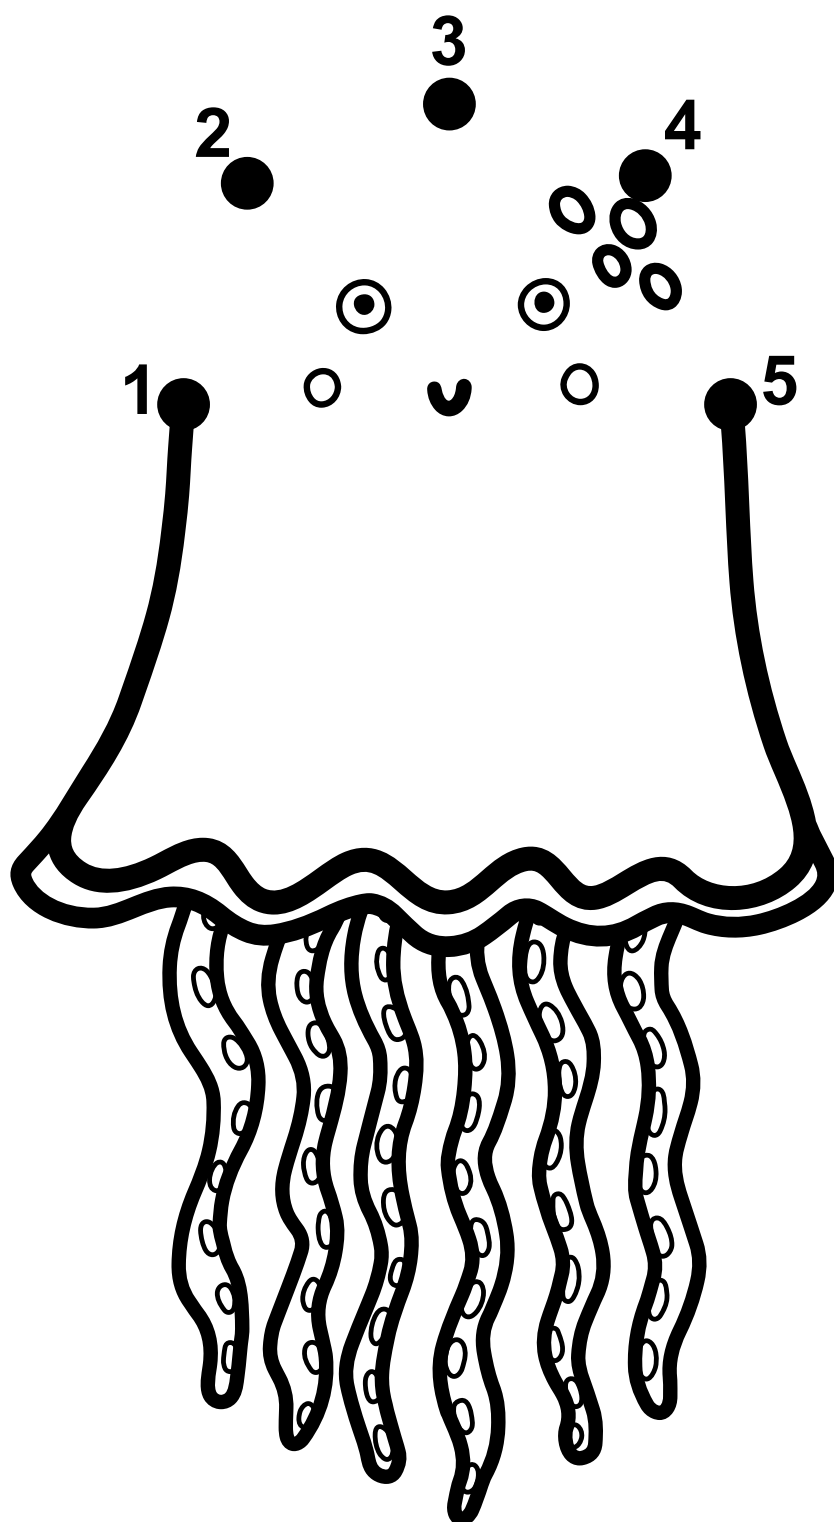

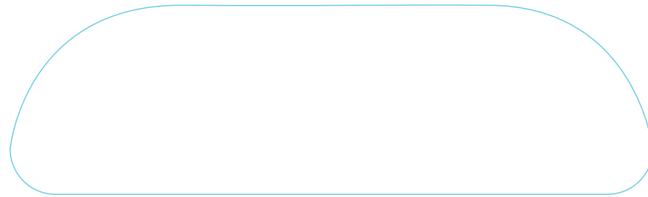

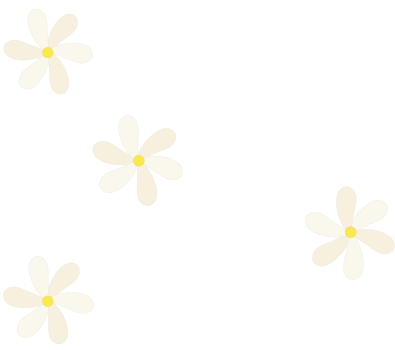

Знаете ли как се наричат тези форми?
Дорисувайте ги.

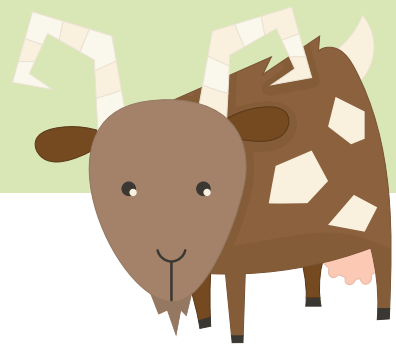

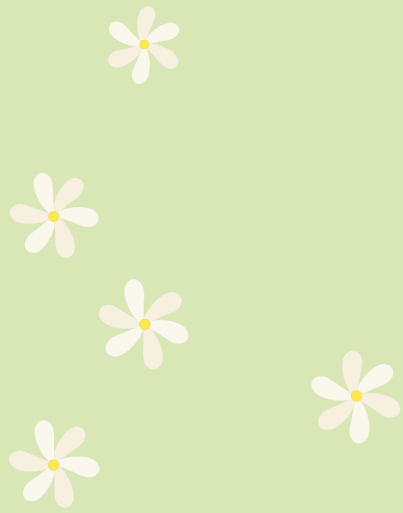

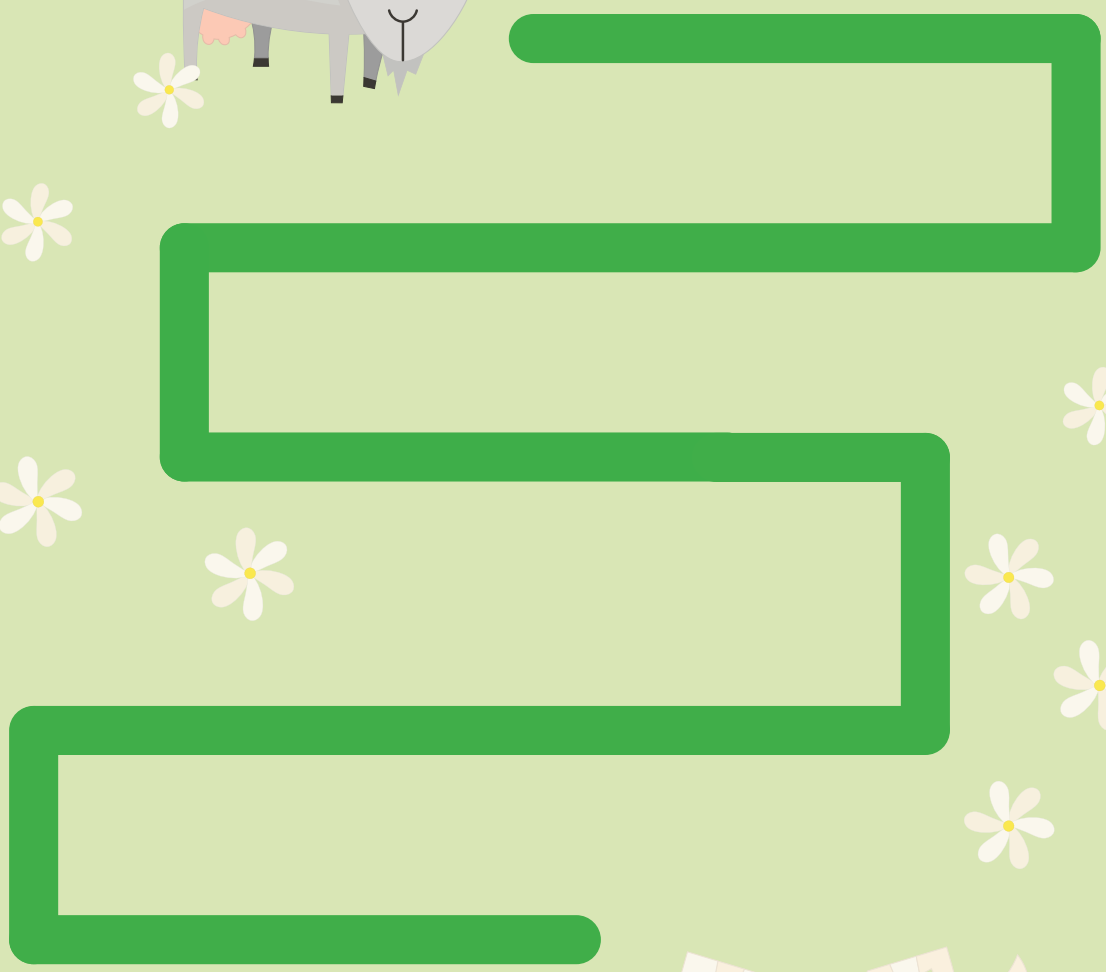

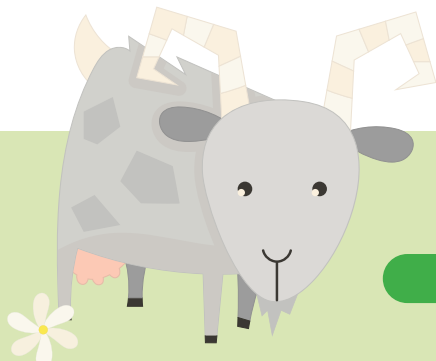

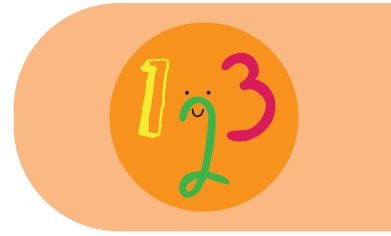

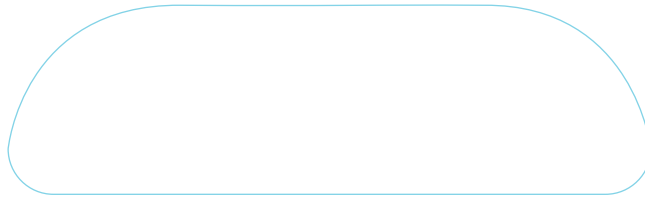

Свържете точките от 1 до 5
и оцветете рисунката.

Двете козички искат да играят заедно.
Проследете зелената линия с пръст, за да стигнете до кафявата коза.
Сега нарисуйте пътя с молив.

Пребройте по колко са цветята и пчелите.
Нарисувайте червена точка за всяко цвете и жълта точка за всяка пчела. Когато сте готови, оцветете рисунката.
